One Summers Day of 85

I don't own, work for know anyone who owns, and or works for Netflix and or Netflix's Stranger Things in anyway. This is requested

It is a hot summers day and Max was naked and wet from swimming in the pond to hope to cool herself down. She just stood their standing with her eyes closed as she started to pee. However she was not peeing on the grass or into the water. She was peeing on a naked Lucas who was laying down jacking off.

He loved to be peed on and even drink it.

He would pee on himself when it was just him and even drink his own pee. In fact he started to move his body so the rest of Max's piss entered his mouth. Max was not the first to pee on Lucas or into his mouth, but she is the first girl to do so. Mike, Will, and Dustin thought it was weird that Lucas wanted to be peed on and drink it, but they did it anyways anytime his friends had to take a leak. Well when they know they are alone that is.

However that's as far as his three friends would go. Luckily Max also enjoyed being peed on and drinking it either from herself or Lucas. Before she meet Lucas the only person who would play theas pee games was herself. After Max was done peeing she sat on the grass and lifted her leg up and soon started to rub Lucas's balls with her foot.

Another fetish that Lucas had. He just like feet for some reason. Well not all feet. Max's feet was perfect and felt nice on his dick and balls. As for Max feet was not her thing, but she loved Lucas and was willing to jack him off with her feet anytime he wanted. Max's did had two kinks as well. The second being titty fucking as she sucked his eight inch dick. It was the biggest dick she seen by far. Before she moved from California to Indiana Max thought Billy was big when she accidentally walked in on him jacking off his six inch fat dick. Lucky for both of them Billy's eyes where closed and Max quickly left. However that was when Billy was a young teen not much older then Lucas.

Back in the woods Lucas stopped jacking himself and let Max's feet take over. Lucas just moaned as he watched his girlfriend's feet jack him off. Max knew Lucas was getting close to his edge so she stopped and start to tittie fuck his huge dick as she sucked him off. In no time at all Lucas shot his load into her mouth with Max gladly swallowing every drop.

She pulled off of him and saw that look on his face and knew what was coming next. Lucas soon stood up and let his pee flow hitting Max's body. He hit her breasts first before moving down and letting it hit her pussy. He soon aimed his stream on her face and Max just opened her mouth and let it pour in. She quickly swallowed every drop that entered her mouth.

After he was done he handed a Coke to Max while he took a New Coke. They both hit each other can with the other and drank. Once Lucas finished his soda he went between Max's legs and started to eat her out. Max quickly moaned and pushed Lucas's head into her pussy. It wasn't long until Max squirted all over Lucas's face as he kept eating her out.

She squirted a few more times before sliding his dick into her pussy. Having all eight inches inside caused Max to squirt again. He just started to pound away as Max's breasts bounced. Max had ended up squirting again as Lucas kept pounding away on her. Lucas was on edge and it wasn't long when he shot his load. At the same time instead of squirting Max was pee ing hitting both of them like she was squirting.

Lucas had also started to pee after he came. Max just moaned feeling the pee enter her pussy. She loved when Lucas pees in her pussy and ass as well. However right now she is not ready to have anal a second time of the day as that was the first thing they did before jumping into the water.
